</tr>
</tbody>
</table>

1. Includes the Non-Institutional population only.
2. Change in percent (%) from previous census year.
4. The 1996, 1991, and 1986 census populations shown are for the new boundaries in effect for the 2001 census. Both Island Lakes and Royalwood neighbourhoods were extended south past John Bruce Road to the Perimeter Highway.
5. Headingley is included in Winnipeg figures up to 1986.

The source for the following data is the Community Data Network, Custom Tabulation, Statistics Canada, Census of Population - 2001.

**NOTE TO USERS:**

Some of the definitions for the 2001 Census have changed (for example, “common-law” now includes same-sex couples). Refer to the definitions posted on the City of Winnipeg Neighbourhood Profiles website or go to the Statistics Canada 2001 Census Dictionary site for more information.

The following data is based on the non-institutional population, which excludes people living in hospitals, nursing homes, prisons, etc.

A 20% sample was used to compile statistics. One in five households were surveyed and the results were then multiplied to obtain representative data for the whole community.

Statistics Canada rounds numbers over ten to the nearest five, which may cause some totals to be off by five, ten, or more. Numbers less than ten are rounded to zero or ten.
