### **24/7 Safe Space Grant**

#### **Grant Description**

The 24/7 Safe Space Grant Program (the “Program”) was created in alignment with the recommendations of the 2019 Report of the Illicit Drug Task Force, entitled “*Recommendations to Reduce the Use and Effects of Illicit Drugs Within Manitoba’s Communities*”, as well as the 2019 report published by End Homelessness Winnipeg entitled “*24/7 Safe Spaces in Winnipeg: A Brief Review of Existing Reports and Services.*” This multi-year Grant Program aims to enhance the hours of operation and the services provided to clients by agencies offering safe space services for the following priority populations: Indigenous people; women; people who use drugs; youth; 2SLGBTQ+; and sexually exploited girls and women.

Individual Program applicants may be approved for funding of up to \$75,000 per application, per year for four years, while applications with two or more partnering agencies may be approved for up to \$175,000 per application, per year for four years. For exceptional partnership applications, the entirety of the \$250,000 could be awarded per year for four years. This Program is intended to provide core funding for four years. Successful applicants will only need to apply in the first year of the Program (2020), and will not need to reapply in following years. Applicants are able to submit individual applications, as well as participate in joint applications.

It is important to note, this report aligns with the 2017 report of the United Nations Entity for Gender Equality and the Empowerment of Women (UN Women), entitled *Safe Cities and Safe Public Spaces: Global Results Report*. As a Champion City of the Safe Cities and Safe Public Spaces initiative, this initiative positions Winnipeg as a leader in supporting key priority populations including women and sexually exploited women and girls.

#### **Eligibility Criteria**

- Program applicants are required to meet the below eligibility criteria:

Program Reporting

Within 60 days of the conclusion of each calendar year that the Program is operational, grantees are required to provide a progress report to the City of Winnipeg submitted to the grant agreement contract administrator, with the following information:

- A statement outlining the use of grant monies including activities and operations conducted.
- A summary of participation rates, including:
  - The approximate number of Winnipeg citizens served by the activity
  - The number of monthly visits
  - The number of individuals served by priority population
- Any observable positive outcomes and impacts that reflect successful implementation of the funded activity;

- Any lessons learned by the organization in developing and implementing the funded activity;
- An overview of activity and operation plans for the following year, including any changes from the preceding year to implement the sustainability plan (as described below)
- Other reporting as requested by the City of Winnipeg.

It is important to note that successful Program grant applicants are not required to reapply each year. However, grantees are subject to the annual reporting requirements noted above. If the grantee is unable to meet the requirements of their funding agreement, this could result in an operational review and possible termination of funding.

In addition to the above, following the first year of the Program, grantees are required to submit to the grant agreement contract administrator a sustainability plan for the conclusion of grant funding in 2023. This plan must either identify the continuation of services developed through the Program, or a planned reduction in services as funding ends. No additional funding for this grant is planned for after the 2023 calendar year.

Please return the completed Application Form on or prior to **July 31, 2020**, to:
