REASON FOR THE REPORT

On February 24, 2016, Council received as information the report titled “Office of Integrity (Ethics) Commissioner – Proposed Engagement Process” which outlined a process for the engagement of the Integrity Commissioner. Within that report it was identified that the final appointment would be done by Council and with the process being in accordance with all applicable City policies, including the City’s Materials Management Policy.

As well, only Council has the authority to approve the recommendation of award as the term of the contract commits money to the 2017 and 2018 budgets.

IMPLICATIONS OF THE RECOMMENDATIONS

By implementing an Integrity Commissioner, the City is providing a transparent, accessible and open process for Members of Council, members of Administration and members of the public, to report or receive information on a perceived conflict by a Member of Council and be ensured that an independent officer will have powers to investigate issues and report their findings to Council.

The term of the contract will be for a two-year period with an option for renewal up to 5 – 2 year terms.

HISTORY/DISCUSSION

On December 9, 2015, Council approved the creation of the Office of Integrity Commissioner and directed the Public Service to report back with a proposed process for the engagement of an Integrity Commissioner.
