FORM N: DETAILED SPECIFICATIONS 08004

(Traffic Services)

1.0 TYPE-

- 1.1 The **Pavement Marking Machines shall be 2008 model year**. The machines shall be furnished complete and ready for use by the Contractor. All parts not specifically mentioned but which are required to complete and place the vehicle into successful operation shall be furnished as though specifically mentioned in these specifications.
- 1.2 It will be the responsibility of the Bidder to inform the City of any errors or omissions in these specifications, for under this Contract the Contractor shall be held responsible for the satisfactory operational function of the vehicle.
- 1.3 All items in these specifications must be answered indicating compliance or non-compliance. **Bidders shall state "yes" for compliance or state deviation**, or give a reply where requested to do so. Deviations shall be clearly stated and fully detailed. Alternatives will be considered subject to evaluation.
- 1.4 Each bidder is required to fill in every blank. **Failure to do so may be used as a basis for rejection of bid.**
- 1.5 All applicable SAE standards form an integral part of these specifications and shall have precedence in any conflict concerning minimum acceptable standards.
- 1.6 The completed unit and all its components shall comply with all C.S.S.A Safety Standards Act, all City and Federal Safety Regulations.

2.0 SERVICE FACILITY-

- 2.1 For the purpose of warranty repairs, the supplier shall have an authorized service facility located within 10 kilometres of the boundaries of the City of Winnipeg. The facility, or a portion thereof, shall be dedicated to the service and maintenance of the type equipment being offered. Further to B9.1, Bidders shall provide a description of the service facility including, but not limited to, number of qualified service staff, years of service experience, and general service capabilities within three (3) Business Days upon request of the Contract Administrator.

And rubberized traffic paints _____

4.10 Tracking System- Digital Tracking System required to measure pressure,
speed, mil. Thickness, distance and amount of material
used. _____

5.0 TRAINING

5.1 The Contractor shall provide operational training
by qualified staff for City of Winnipeg personnel. The training shall
be conducted in separate sessions for each group of personnel.
Each session shall be approximately ½ day in duration and shall
provide adequate familiarization and orientation on the unit, to the
satisfaction of the Contract Administrator. The training shall be
conducted in Winnipeg at a location to be designated by the
Contract Administrator. _____

5.2 State if other training aids (videos, CDs) are available. _____

6.0 WARRANTY-

6.1 Notwithstanding GC.10.01 and GC.10.02, the warranty period for each piece of equipment
supplied shall begin on the date of successful completion of the inspection process or when the
equipment has been successfully placed into operation. The warranty requirements shall be a
minimum of **three (3) years unlimited hours**, parts and labour inclusive with no deductible,
"bumper to bumper" on the complete vehicles and attachments.
