NORTH END SEWAGE TREATMENT PLANT (NEWPCC) DIGESTER 11 RELINING

URGENT

**PLEASE FORWARD THIS DOCUMENT TO
WHOEVER IS IN POSSESSION OF THE BID
OPPORTUNITY**

ISSUED: January 30, 2019
BY: Amanda Wolfe, P. Eng.
TELEPHONE NO. 204 986-2808

**THIS ADDENDUM SHALL BE INCORPORATED
INTO THE BID OPPORTUNITY AND SHALL
FORM A PART OF THE CONTRACT
DOCUMENTS**

Template Version: A20160708

Please note the following and attached changes, corrections, additions, deletions, information and/or instructions in connection with the Bid Opportunity, and be governed accordingly. Failure to acknowledge receipt of this Addendum in Paragraph 10 of Form A: Bid may render your Bid non-responsive.

PART B – BIDDING PROCEDURES

Revise: B2.1 to read: The Submission Deadline is 12:00 noon Winnipeg time, **February 5, 2019.**

QUESTIONS AND ANSWERS

- Q1 The experience requirement for air tightness testing as listed in Addendum 7 has been issued with less than 72 hours in the tender period. There are only two cities in Manitoba with a population greater than 25,000 and neither has done such a test successfully within the last 10 years.
- A1 Clause E7.1(e) does not require previous experience with air tightness testing. It requires two projects of any type that have mechanical and instrumentation components. Also note that 25,000 person equivalents does not mean a population of 25,000 people. It means that the wastewater treatment plant treats the pollution load equivalent to 25,000 people, for example, by treating industrial wastewater.
- Q2 Bid submission form reissued in Addendum 7 does not have enough room to list the 7 Addendums.
- A2 Bidders must acknowledge all addenda in Paragraph 10 of Form A: Bid. Bidders can use the space under Paragraph 10 to write in the Addenda numbers and dates.
