

APPENDIX A – FORM M: SPECIFICATION 21604 – TRADE-IN OPTION

SUPPLY AND DELIVERY OF A CNC PLASMA CUTTING SYSTEM

1. TRADE-IN OPTION

- 1.1 This Tender includes the provision of a “trade-in option” of one (1) used CNC Plasma Cutting System.
 - 1.1.1 Where the Bidder includes a quote for the trade-in option with his bid, the Bidder shall include a price that will be deducted from the Total Bid Price. The amount for the used CNC Plasma Cutting System shall be entered on Line Item No. 5 of Form B: Prices.
 - 1.1.2 The City has determined a Reserve Offer price for the trade-in option that shall not be disclosed.
- 1.2 Notwithstanding 1.1, the City shall have no obligation to accept any Offer that meets or does not meet the Reserve Offer price by the Bidder for the trade-in option.

2. EQUIPMENT DETAILS & VIEWING OPTIONS

- 2.1 The equipment below was purchased new in 2015, and used solely by the City of Winnipeg. A brief description of the equipment is as follows:
 - 2015 Baileigh PT-510HD CNC-Cutting System
 - AHC-2d Pedestal Controller
 - 150” X 71” foot print
 - 5’ X 10’ downdraft table (fans not included)
 - Plasma Power Unit is a Cutmaster A120
- 2.2 To evaluate the condition of the used CNC Plasma Cutting System, Bidders may view the equipment. Viewing of the used CNC Plasma Cutting System can be arranged within one (1) Calendar Week prior to the Submission Deadline of the Tender Opportunity by contacting the Contact Administrator.
