

HOMEOWNER ELECTRICAL PERMIT DECLARATION

Important: Provincial regulations outlined in the Manitoba Electricians' Licence Act, subsection 4(2), require that all electrical work in the Province of Manitoba be performed by a person who holds a valid electrician's licence. In addition, the City licenses these electricians through its electrical contractor licencing program. The only exception is for homeowners performing electrical work to a single detached dwelling that they both own and reside at or will reside at as their primary residence.

This Declaration is intended to ensure that homeowner electrical permits are only issued in compliance with these Provincial regulations. In order to qualify for a homeowner electrical permit, the applicant for such a permit must declare all statements in this Declaration to be true. A false Declaration could result in cancellation of the permit and/or prosecution of the homeowner.

Notwithstanding the above Declaration, the City of Winnipeg recommends that homeowners hire a licenced electrical contractor to perform electrical work and shall not be responsible for the safety of any persons or damage to property when homeowners opt to perform electrical work themselves. As per the current Winnipeg Electrical By-law, the City of Winnipeg Inspections Branch reserves the right to revoke a permit and demand that a licenced electrical contractor be retained if the homeowner-applicant has demonstrated that he/she is not competent to perform the work in a satisfactory Code-compliant manner.
