\*\* Actual values are reported based on the previous two month time period

\* ICR = # of business days required for an initial review of a permit application by all civic departments involved; complete and compliant applications can be issued following the initial review. Applications that are missing information or non compliant with Codes and By-laws will be placed on hold until the issue(s) are resolved with the applicant.

N/A indicates categories where there were no permits or where the permit volumes were too low to be statistically relevant.
