Off-Leash Dog Areas Master Plan

The Off-Leash Dog Areas Master Plan (OLAMP) is being developed to address and respond to the growing interest and demand for off-leash dog areas in Winnipeg. Since the project's last phase of public engagement in late 2017, a draft of the OLAMP has been developed.

The draft OLAMP was developed through feedback and research and outlines the City's vision, goals, guiding values, and objectives for the future establishment of off-leash areas in Winnipeg. The draft OLAMP also contains policies and standards created for the establishment and design of off-leash areas that are safe, accessible, and sustainable.

We Want to Hear From You!

The draft OLAMP and a newsletter summarizing its content is available on the project webpage winnipeg.ca/offleashareas.

An online survey has been created for you to provide feedback on the draft plan. This survey will be available until **May 20, 2018**.

For inquiries or for those who require alternative formats to participate, please contact: **Brittany Shewchuk at Brittany.Shewchuk@wsp.com**.
