

WAVERLEY WEST ARTERIAL ROADS PROJECT

We invite you to review the Waverley West Arterial Roads Project (WWARP). The information below outlines the primary components of this project:

- 1** Reconfiguration of Kenaston Blvd and Bishop Grandin Blvd intersection.
Completed in 2012 & open to traffic.
- 2** A two lane overpass and ramp lanes that connect southbound Kenaston Blvd to eastbound Bishop Grandin Blvd to allow for continuous traffic flow.
Completed Fall 2014 & open to traffic. Minor landscaping improvements in Spring 2015.
- 3** A new four lane extension of Kenaston Blvd/Bishop Grandin Blvd intersection with the South Perimeter (PTH 100).
Completed Fall 2014 & open to traffic.
- 4** A new four lane section of roadway that realigns Waverley St to connect to the new Kenaston Blvd extension.
Completed in 2013 & open to traffic
- 5** The addition of two new lanes & rehabilitation of two existing lanes of Waverley St from Sandusky Dr to Bison Dr.
Completed in 2012 & open to traffic.
- 6** New at-grade intersection at the realigned Waverley St and Kenaston Blvd.
Completed in 2013 & open to traffic.
- 7** New at-grade intersection at Kenaston Blvd and the South Perimeter (PTH 100).
Completed Fall 2014 & open to traffic.
- 8** The closing of north access at the signalized intersection at Waverley St and the South Perimeter (PTH 100).
Completed Fall 2014 & north access closed to traffic.

Status Updated as of December 10, 2014.
