

Important Information About Your Water Bill

Late payment charges are now in effect

Effective immediately, you will be charged a late fee if you don't pay your water bill on time.

A 1.5% late payment charge will be added to your bill if it is not paid by the due date. Also, 1.5% will be added to the outstanding balance for each additional 30 days the bill remains unpaid.

For example, on a \$100.00 water bill ...

- ▶ A 1.5% late fee would be added if the bill were not paid by the due date:
 $\$100.00 + \$1.50 \text{ late fee} = \101.50 .
- ▶ If the bill is still not paid after 30 days, a 1.5% late fee is calculated on the total outstanding balance: $\$101.50 + \$1.52 \text{ late fee} = \103.02 .
