**Amount due** \$194.29  
**Due date** June 11, 2009  
Billing date May 11, 2009

### Messages

#### Watch for our summer meter readers!

Our water meter readers will be visiting homes between 2:30 pm and dusk, May to August. They wear a uniform with photo identification and carry a hand-held computer. When our staff call, please allow them to read your water meter. Regular readings can save you money by alerting you to costly plumbing leaks!

#### Estimated!

This bill is based on our estimate of your water use because we didn't receive a meter reading from you. We can re-bill you based on your actual use if you call us today with a meter reading.
